

Heart disease is the number one killer in the IE, but St. Bernardine's Inland Empire Heart & Vascular Institute is working to change that statistic.

Trusted.

St. Bernardine is the state's heart care leader, ranked best in California and in the top 2% nationally for major cardiac surgery, in an analysis of outcomes, inpatient quality, patient safety and satisfaction.[†]

Innovative.

St. Bernardine offers the most advanced technology, techniques and facilities, with care delivered by highly skilled and compassionate physicians and staff committed to transforming heart care outcomes.

Experienced.

St. Bernardine treats more hearts than any other hospital in the region, performing more than 700 open heart surgeries and 13,000 procedures each year.

> Over 45 board-certified, highly regarded heart specialists practice at St. Bernardine. Let us help you find a doctor who's right for you.

A Commitment to Excellence.

(Ranked Among the BEST.)

When the heart at stake is yours or that of a loved one, you want to know you're entrusting your care to the best. But how do you assess that?

According to two top national health care quality ratings organizations, St. Bernardine provides five-star, nationally acclaimed heart care.*

Their findings are based on comprehensive evaluations of all aspects of medical quality for hospitals nationwide, including outcomes of care, inpatient quality, patient safety and satisfaction.

Our Patients. Our #1 Priority.

Our staff of highly trained health care professionals focuses on each patient's unique needs. And those of their loved ones. Communication, education, comfort and compassion continue to be our hallmark at the Inland Empire Heart & Vascular Institute.

INLAND EMPIRE
**HEART & VASCULAR
INSTITUTE**

St. Bernardine offers state-of-the-art facilities and technologies, along with quality care and caring for body, mind and spirit.

State-of-the-Art Facilities.

St. Bernardine provides our heart team with the most advanced tools and facilities to offer locally unparalleled care. In 2012, we opened the San Manuel Band of Mission Indians Cardiac & Surgical Suite, the region's first true endovascular hybrid heart suite. This addition to our advanced catheterization labs and surgical suites expanded the hospital's ability to offer a wide range of surgeries.
