

Volunteers

A SUPPORTIVE RESOURCE TO HELP PATIENTS NAVIGATE THE CANCER JOURNEY

All of us at The University of Arizona Cancer Center at Dignity Health St. Joseph's Hospital and Medical Center (Cancer Center) extend a huge "Thank you!" to our dedicated team of volunteers. Cancer Center volunteers—many of them cancer survivors themselves—assist our patients as they navigate the Cancer Center, offering compassionate support and understanding during a difficult time. If you'd like to join our team of volunteers, please visit stjosephs-phx.org/volunteer.

Physician Members

PHYSICIAN RECRUITMENT

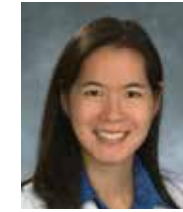

An important component of the affiliation between The University of Arizona Cancer Center and Dignity Health St. Joseph's Hospital and Medical Center is the physician recruitment plan. Our goal is to hire 75 cancer and cancer-related physician specialists. While our robust recruitment efforts continue, to date we have employed 17 oncologists and partner with providers from other cross functional specialties.

This annual report highlights the comprehensive, integrated, and convenient cancer care services offered for our patients, which includes diagnosis, treatment, survivorship, and clinical trials. Our medical, hematology, surgical, and radiation oncologists are disease-site cancer specialists supported by experienced, compassionate clinical teams who provide holistic care for patients and their families.

Introducing the Cancer Specialists of The University of Arizona Cancer Center at St. Joseph's
