

# More than ever, we thank our generous community donors.

## The support received has lifted the spirits of our caregivers.

As a not-for-profit hospital, Marian Regional Medical Center relies on the meaningful support of compassionate community members. We are honored to recognize the many individuals, businesses, and nonprofit organizations that donated to Marian Regional Medical Center's COVID-19 Emergency Support Fund. The impact of these gifts brightened the days of our staff as they continue to diligently care for our community.

We extend our deepest appreciation to these donors for their generosity, partnership, and trust.

With gratitude,

Sue Andersen  
President & CEO
