

Safety first. Healing always.

Your health is essential. Don't delay care.

Your health is essential, even in the midst of these uncertain times. Rest assured that Dignity Health Central Coast hospitals, physician offices, and urgent care centers are safe and ready to care for you. We understand that fears of COVID-19 are unsettling, but please take comfort knowing we are taking extensive measures to protect you, our staff, and everyone who comes through our doors.

Added precautions

Everyone is screened for COVID-19 symptoms prior to entering the hospital.

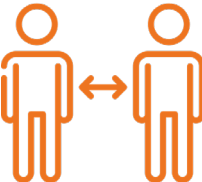

COVID-19 testing provided to patients prior to conducting a procedure.

Face masks are mandatory, regardless of symptoms. Masks are provided to anyone in need.

Separate care areas for COVID-19 patients. Private patient rooms allow for additional safety and comfort.

Social distancing observed in public spaces.

Enhanced disinfectant protocols to maintain clean and sterile environment.

Sanitizing stations are available throughout the hospital.

Staff equipped with sufficient and appropriate personal protective equipment.
