|---|--|
| <input type="checkbox"/> Practice Contact Information | <input type="checkbox"/> PET Scan (include CD)                     |
| <input type="checkbox"/> Demographic Information      | <input type="checkbox"/> Coag. Labs (CBC and INR)                  |
| <input type="checkbox"/> Insurance Card (front/back)  | <input type="checkbox"/> Previous bronchoscopy or pathology report |
| <input type="checkbox"/> History & Physical           |  |
| <input type="checkbox"/> CT Chest (include CD)        | <input type="checkbox"/> PFT's (optional)                          |

## Robotic Bronchoscopy:

CT with robotic bronchoscopy reconstruction

## Pleural Clinic Consult:

Previous thoracentesis labs and cytology report

## Trans Bronchial Cryo Lung Biopsy:

ECHO within 6 months for pulmonary artery pressure

## Bronchoscopic Lung Volume Reduction Surgery:

CT chest, PFT's, ECHO, ABG on room air and 6 min walk test

## Interventional Pulmonary Program at Norton Thoracic Institute

500 W. Thomas Rd., Suite 500, Phoenix, AZ 85013

For information regarding the Interventional Pulmonary Program at St. Joseph's Hospital and Medical Center, call 602.406.4000.

## Lung Cancer Screening

- Pulmonary nodule clinic
- Multidisciplinary clinic

## Advanced Diagnostics\*

- Robotic bronchoscopy
- Endobronchial ultrasound bronchoscopy (EBUS)
- Fiducial and dye marking
- Cryo-probe transbronchial lung biopsy
- Endoscopic ultrasound with left adrenal biopsy (EUS)

## Bronchoscopy

- Tumor debulking and management
- Airway stenosis dilation and management
- Airway stent placement and management
- Foreign body removal
- Massive hemoptysis management
- BP fistula diagnosis and management
- Tracheal-esophageal fistula diagnosis and management
- Laser and APC for endobronchial lesions
- Percutaneous tracheostomy

## Pleural Procedures

- Pleuroscopy and management
- Pleurodesis
- Pleurx placement and management
- Ultrasound guided thoracentesis
- Chest tube placement and management

## Bronchoscopic Lung Volume Reduction

- Zephyr bronchoscopic lung volume reduction
- Spiration bronchoscopic lung volume reduction

## Clinical Trials

- Bronchial Rheoplasty (RheSolve Study)
