

St. Mary's Medical Center

Dignity Health St. Mary's Medical Center is a Joint Commission-accredited, not-for-profit community hospital that has been caring for the people of San Francisco since 1857. Located across from Golden Gate Park, it is the longest continually running hospital in San Francisco. St. Mary's cardiac program offers diagnostic services, treatment and rehabilitation. St. Mary's also was recognized as one of the Top 100 Orthopedic Programs nationally by Becker's Hospital Review and is a Certified Stroke Center by the Joint Commission. St. Mary's Cancer Center offers a full-range of oncology, radiation and imaging services. Offering comprehensive breast imaging services, St. Mary's has been designated as a Center of Excellence by the American College of Radiology, a recognition that represents the national gold standard. Beyond clinical care, St. Mary's is committed to furthering the healing ministry, and to providing high-quality, affordable healthcare to the community it serves.
