How to earn points & rewards

You earn points by completing eligible activities. When your points reach a level, you can redeem them for that level's reward.* For example, when you've earned 2,000 points, you can redeem them for a reward of \$75. Earn 5,000 more points, for a total of 7,000 points, and you can redeem them for a second reward of \$100. Reach all four levels and you'll earn the maximum of \$450 in rewards for the 2022 program year.

Earn \$75 just for getting started on the MyWellness website
