Chief Medical Officer

Jalyn McKelleb, MSN, RN, CCRN,  
NE-BC  
Chief Nurse Executive Officer

**Description:**

The Dignity Health-St. Rose Dominican, San Martín Campus is the third St. Rose hospital facility in southern Nevada, specifically located to serve the rapidly growing area of southwest Las Vegas, including Rhodes Ranch and Mountain's Edge. Since 2006, San Martín has followed the foundation established by the Adrian Dominican sisters who arrived in Henderson more than seven decades ago, providing unparalleled care for the body, mind and spirit, and taking hospital care in southern Nevada to the next level.

The 147-bed, 30-acre campus includes a 24-hour, full-service Emergency Department, Surgical Suites, Cardiac Catheterization and Electrophysiology Lab, Diagnostic Imaging, Orthopedics, Cardiovascular and Neurologic Services, and a Wellness Outreach Center which offers life-long care for the entire family through a range of free and low-cost fitness and education classes.

San Martín Campus prides itself as a safe and comfortable place for families to grow. Consistently ranked by the readers of the Las Vegas Review-Journal in the Best Place to Have a Baby category of the Best of Las Vegas Poll, San Martín is also one of the only hospitals in southern Nevada with Laborists on duty 24/7, and Birthing Suites where mothers remain in the same room throughout Labor, Delivery, Recovery, and Post-partum.

San Martín has achieved accreditation as a Center of Excellence in Robotic Surgery, recognized for providing the highest quality of care and patient safety by the Surgical Review Corporation, an independent, not-for-profit, organization that administers best-in-class accreditation programs for medical facilities and professionals.

In everything they do, the doctors, nurses and medical staff at San Martín carry on the tradition of *humankindness* and, as part of the community's only not-for-profit, faith-based health system, remain guided by the vision and core values of the founding Adrian Dominican Sisters since 1947

## **San Martin Fast Facts:**

- Opened in 2006
- Inpatient beds: 147
- San Martin was selected as the Bronze Award winner for “Best Place to Have A Baby” in the Las Vegas Review-Journal's 2022 annual readers' poll. San Martin was also recognized with a Bronze Award in the 2022 “Best Hospital” category.
- The San Martin Campus achieved accreditation as a Center of Excellence in Robotic Surgery, recognized for providing the highest quality of care and patient safety by Surgical Review Corporation, an independent, not-for-profit, organization that administers best-in-class accreditation programs for medical facilities and professionals.
- Surgeons at San Martin recently became the first in Nevada to perform a minimally invasive Hybrid AF™ Convergent procedure designed to treat patients diagnosed with long-standing persistent atrial fibrillation. One in four adults over age 40 will develop atrial fibrillation (AF) in their lifetime, a condition that increases a person's risk of stroke and heart failure. Nearly half (45 percent) of AF patients, or 3.5 million people in the U.S. have long-standing persistent AF.
- San Martin earned the 2022 Get With The Guidelines® - Stroke Gold Plus Quality Achievement Award and also qualified for the Type 2 Diabetes Honor Roll. The award recognizes San Martin Campus' commitment and success in implementing a high standard of stroke care by ensuring stroke patients receive treatment that meets nationally accepted, evidence-based standards and recommendations.
- The Wound Healing & Hyperbaric Medicine Center at San Martin received the 2020 Healogs Center of Distinction award for clinical excellence.
- Dignity Health-St. Rose Dominican was recognized as one of the top 10 best employers in Nevada, as part of Forbes' annual list of America's Best-in-State Employers 2020.
- San Martin was recognized by Anthem Blue Cross and Blue Shield in 2021 as a Blue Distinction Center+ for providing higher quality, cost-effective maternity care to mothers.
