

Ladies! You are invited to attend our ninth annual

Girls Night Out

Erin Chamberlain, MD
Medical Oncology/
Hematology

Meet our newest Mission Hope medical oncologist:

Introducing Erin Chamberlain, MD

- Fellowship trained in Hematology and Oncology at Scripps MD Anderson in San Diego.
- Dr. Chamberlain's extensive research background has focused on precision oncology: tailoring cancer treatment to each person's unique disease characteristics while avoiding unnecessary side effects.

Monica Rocco, MD, FACS, Breast Surgeon

Clinical and Surgical Specialist of the Breast Care Program:

Monica Rocco, MD, FACS

- A leading board certified breast surgeon, Dr. Rocco is up to date with newest surgical techniques such as Hidden Scar™ Breast Cancer Surgery and SAVI SCOUT® that use specialized equipment to effectively treat cancer and achieve optimal cosmetic results.
- Dr. Rocco's expertise includes genetic counseling.

This year's Girls Night Out event continues the tradition of celebrating the women in our community with a fun wine event and education from our fabulous team of female physicians on how to be a healthier you!

Women have particular concerns and questions related to screenings and timing of recommended preventative tests. Monica Rocco, MD, and Erin Chamberlain, MD, will be here to answer those particular questions and more. This format allows women to be in a relaxed environment where questions are embraced, encouraged and celebrated!

We also welcome Gray Hartley of Hartley Ostini Hitching Post wines. Gray will speak about his winemaking process and discuss food and wine pairings, providing tastings of his handcrafted wines.

Call now for reservations—
this popular event fills up quickly!

Tuesday, October 29, 2019 • 5:00 p.m.

Mission Hope Cancer Center, 1325 East Church Street, Santa Maria
Please call Mission Hope now to register: **805.219.HOPE (4673)**
