

2022 East Valley Community Grants Program Initiative & Fact sheet

Dignity Health is pleased to announce the official kick-off of the 2022 Dignity Health Community Grants Program for Dignity Health, East Valley including Chandler Regional Medical Center (CRMC), Mercy Gilbert Medical Center (MGMC) and Arizona General Hospital Mesa on Thursday, June 24, 2021.

Community Grants Overview: The right resources in the right place at the right time.

Philosophy

We cannot change the world by ourselves. Partnering with others who share our vision and values is the only way to bring about real improvements in the healthcare system.

The Dignity Health Community Grants Program is funded by contributions from our member hospitals.

In awarding community grants, Dignity Health actively partners with non-profit organizations working to improve health status and quality of life in the communities we serve.

Grant funds are used to deliver services and strengthen service systems, to improve the health and well-being of vulnerable and underserved populations. The program is one way Dignity Health puts its mission and values into practice.

Priority

With the Community of Care Grants Program, Dignity Health realizes its mission and enhances the advocacy, social justice and the healthier communities' efforts of its hospitals along with their religious and community sponsors. Dignity Health seeks to partner with other nonprofit organizations that are working collaboratively with others to address significant health needs identified in the Chandler Regional Medical Center (CRMC), Mercy Gilbert Medical Center (MGMC) and Arizona General Hospital Mesa's Community Health Needs Assessment (CHNA).

Significant health needs identified in the CHNA include:

Chandler Regional and Mercy Gilbert Medical Centers	Arizona General Hospital Mesa
<ul style="list-style-type: none">● Access to Care● Mental Health & Behavioral Health● Diabetes● Breast Cancer● Injury Prevention● Social Determinants of Health<ul style="list-style-type: none">○ Homelessness○ Food insecurity○ Transportation	<ul style="list-style-type: none">● Access to Care● Mental Health & Behavioral Health● Obesity● Cancer● Injury Prevention● Social Determinants of Health<ul style="list-style-type: none">○ Homelessness○ Food insecurity○ Transportation

Coronavirus (COVID-19)

Proposals addressing needs exacerbated or created by the coronavirus (COVID-19) pandemic (including physical or mental health, and health-related social, economic and human needs) are encouraged, in addition to those addressing needs in a hospital's community health needs assessment.

Social Justice

To enhance the Dignity Health Community Grants Program emphasis on advocacy, social justice and racial disparities, proposals that address social justice and/or racial disparities will also be given priority.

Funding Criteria

The Community Grants Program uses funding criteria to ensure that its charitable resources address health needs in ways that demonstrate accountability for impact. Grant applicants should ensure that their proposed projects:

- Address one or more prioritized significant needs in the local hospital's Community Health Needs Assessment (CHNA) and Implementation Strategy.
- Proposals addressing needs exacerbated or created by the coronavirus pandemic (including physical or mental health, and health-related social, economic and human needs) will be considered.
- Serve identified vulnerable or underserved populations, to help address health disparities.
- Include three or more collaborating organizations (a "Community of Care") with distinct, complementary and substantive project roles.
- Work in some capacity with Mercy Gilbert Medical Center, Chandler Regional Medical Center or Arizona General Hospital Mesa.
- Integrate one or more of the following principles:
 - Focus on disproportionate unmet health-related needs
 - Emphasize primary prevention and address underlying causes of health problems
 - Contribute to a seamless continuum of care
 - Build community capacity
 - Demonstrate collaboration
- Identify – and plan to evaluate and report on – specific and measurable outcome goals.

2022 COMMUNITY GRANTS PROGRAM TIMELINE

Monday, June 28 2021	Full Proposal applications are OPEN in e-Cimpact
Thursday July 29 2021 by 9:00AM (PST)	Full Proposal application due in e-Cimpact and will CLOSE
Tuesday September 28 2021	Applicants notified whether they are invited to presentation
Thursday October 7 2021	Invited Communities of Care presentations to committee
November week of 23 2021	Applicants notified that they have been selected for funding
January 2022	Community Grants checks distributed

Eligibility and Parameters

- Lead applicant and funded partners in accountable Community of Care collaboration must be a 501(c)(3) non-profit organization.
- Hospitals and Hospital Systems are excluded from applying for a Community of Care Grant.
- Grant project awards are from \$20,000 up to \$100,000, at the discretion of the local Dignity Health hospital. Grant project performance period is 12 months from January 2022 – December 2022.
- Projects can serve specific community and/or patient populations.
- Organizations participating in more than one Community of Care or Dignity Health Grants Program will be limited up to a combined total of \$100,000 in funding.
- Mid-year and final written accountability reports are required.
- Communities of Care that have received 5 years of grant funding since 2017 will not be eligible to apply in the 2022 grant cycle and this restriction applies to all Communities of Care projects. Criteria for funding is based on a Community of Care, not individual agencies/organizations, who apply.

How to calculate year 5?	It is based on calendar years & does not need to be consecutive years.
What takes place at year 5?	A 3 years hiatus will take place. An organization/ agency is eligible to apply within the hiatus period if they are participating in a different and/or new Community of Care project.
How to prepare for year 5?	At year 4 the Community of Care should ensure sustainability planning as they reach the possibility of year 5 funding.

The Community Grants Program has awarded nearly \$86 million to over 3,700 health improvement projects since 1991.

Application Process

1. Review the prioritized significant needs in the Dignity Health hospital's CHNA report and Implementation Strategy (Download from:
<https://www.dignityhealth.org/about-us/community-health/grant-programs/community-grants>
2. Prospective applicants are encouraged to contact the Grant Representative to inquire about specific funding priorities.
3. To access the East Valley Full proposal application and apply online visit
<https://agency.e-cim pact.com/login.aspx?org=DignityHealth> .

Community of Care Concepts/Tips

- Population health focus with a targeted population and seamless integrated approach to planning, implementation, monitoring, and reporting.
- Strong communication among collaborative partners demonstrating
 - Trust
 - Transparency
 - Ongoing communication
 - Shared data
- Shared vision for resolving an “identified” problem and cross-sector collaboration with focused, innovative and collaborative approaches to needs.
- What is the gap: What does not exist in expertise and resources that the Community of Care can provide?
- Targeted focus:
 - Plan for Success: Who -What -Where –When-Why-How.
 - Clearly stated strategies, goals, activities, and outcomes.
 - Identify expected change and how the change will be achieved and measured.
- Partner contribution
 - Each partnering organization should demonstrate their contribution and integration with the overall project including expertise, resources, and activities.
- Demonstrate strong alignment with:
 - Dignity Health CHNA, core community benefit principles and Community Grants Program initiative.
- Identified and Strong Lead Agency/organization
 - Disperses the predetermined and approved funding and has the infrastructure, experience, and expertise.
 - Leads collaboratively and Guides the work of the Community of Care and has an appropriate organizational structure.
- Identify Dignity Health hospital department or key collaborator.

About Dignity Health

Dignity Health hospitals in California, Nevada and Arizona are a part of CommonSpirit Health. CommonSpirit was created by the alignment of Catholic Health Initiatives and Dignity Health as a single ministry in early 2019.

CommonSpirit Health is committed to building healthier communities, advocating for those who are poor and vulnerable, and innovating how and where healing can happen—both inside our hospitals and out in the community.

Our Mission, as CommonSpirit Health, we make the healing presence of God known in our world by improving the health of the people we serve, especially those who are vulnerable, while we advance social justice for all.

The Community Grants Program embodies CommonSpirit Health's values of compassion, inclusion, integrity, excellence and collaboration. Our commitment to serve the common good is delivered through the dedicated work of thousands of physicians, advanced practice clinicians, nurses, and staff; through clinical excellence delivered across a system of hospitals and other care centers covering 21 states, and accessible to nearly one in four U.S. residents, and through more than \$4 billion annually in charity care, community benefits, and government program services.
