

# Nursing Research

## Promoting a Culture of Inquiry through:

### Best Practice

Standard knowledge work (guidelines, protocols, and order sets) needed to guide and improve best practice.

### Adoption

Standard organizational work (teams, roles, processes, mindset changes) needed to transform.

### Analytics

Standard measurement work (data sources, visualizations, and analysis) needed to monitor and assess priorities, progress, and outcomes.

## Resources Supporting Nursing Research

### Nursing Research & Analytics Department Offers:

- Research Mentors, Clinical Informaticists, and Analysts
- Nurse Research Mentor Program & Nurse Research Fellowship Program
- Large Scale Data Research & Multi-Site Research Projects

### Dignity Health Research Institute Provides:

- Start to finish support and management of the research approval process including:
  - \* Mentor Investigators through the Research Application and Approval Process
    - » Research Feasibility Review
    - » Financial Impact Review
    - » Budget Review
    - » Legal Review
    - » Institutional Review Board Review
  - \* Research Technology Support
  - \* Human Subjects Research Training and Education

## Dignity Health Research Institute

### Our Mission

At Dignity Health, we believe research is the cornerstone of every cure. We believe research provides opportunity – an opportunity to improve quality of life, an opportunity to improve health care for the next generation, an opportunity to find a cure. And we believe that connecting people and our patients with that opportunity is a basic tenet of humankindness.

We celebrate our clinical research communities, network with peers, and collaborate on shaping Dignity Health's research mission and vision across the enterprise.

### Our Priorities

- Multi-Site Clinical Trials
- Local and Large-Scale Data Research
- Technology and Innovation Research Partnerships with Industry & Academia
- Medical Resident Initiated Research (Dignity Health Teaching Facilities)
- Medical Staff/Physician Investigator Initiated Research
- Nurse/Nursing Initiated Research
- Non-Medical Resident/Student Initiated Research

Contact us for more information or to get started with review and approval of your research protocol.

## Dignity Health Nursing Research & Analytics

### Our Mission

Support Dignity Health strategic initiatives through the development and fostering of a Culture of Inquiry within the nursing community

### Our Vision

Dignity Health will become a nationally recognized source of providing evidence for nursing best practice.

### Our Priorities

- Promoting data driven decision-making capabilities
- Enhancing and improving clinical knowledge
- Translation of evidence for improved patient care delivery processes and outcomes
- Supporting scientific research in all levels of medicine
