Dignity Health Research Institute

Our Mission

At Dignity Health, we believe research is the cornerstone of every cure. We believe research provides opportunity – an opportunity to improve quality of life, an opportunity to improve health care for the next generation, an opportunity to find a cure. And we believe that connecting people and our patients with that opportunity is a basic tenet of humankindness.

We celebrate our clinical research communities, network with peers, and collaborate on shaping Dignity Health's research mission and vision across the enterprise.

Our Research Priorities

- Single Site & Multi-Site Clinical Trials
- Local and Multi-Site Data Collection Protocols
- Technology and Innovation Research Partnerships with Industry & Academia
- Medical Staff / Physician Investigator Initiated Research
- Medical Resident Initiated Research (Dignity Health Teaching Facilities)
- Nurse / Nursing Initiated Research
- Health Sciences / Student Initiated Research (Non-Medical Resident)

Contact us for more information or to get started with review and approval of your research protocol.

About Dignity Health Research Institute

At Dignity Health, we strongly believe in the benefits of clinical research and are committed to leading the way in the advancement and use of new and evolving technology and procedures. Our vast research program speaks to this commitment.

Dignity Health as a system offers more than 1,000 active clinical trials and research protocols to its patients in Arizona, California and Nevada.

Dignity Health Research Institute for California & Nevada provides centralized research administration infrastructure and support including contracting, budgeting, financial management and IRB oversight for all research sites across our California & Nevada markets.
