

Nursing Research

Promoting a Culture of Inquiry through:

Best Practice

Standard knowledge work (guidelines, protocols, and order sets) needed to guide and improve best practice.

Adoption

Standard organizational work (teams, roles, processes, mindset changes) needed to transform.

Analytics

Standard measurement work (data sources, visualizations, and analysis) needed to monitor and assess priorities, progress, and outcomes.

Resources Supporting Nursing Research

Nursing Research & Analytics Department Offers:

- Research Mentors, Clinical Informaticists, and Analysts
- Nurse Research Mentor Program & Nurse Research Fellowship Program
- Large Scale Data Research & Multi-Site Research Projects

Dignity Health Research Institute Provides:

- Start to finish support and management of the research approval process including:
 - * Mentor Investigators through the Research Application and Approval Process
 - » Research Feasibility Review
 - » Financial Impact Review
 - » Budget Review
 - » Legal Review
 - » Institutional Review Board Review
 - * Research Technology Support
 - * Human Subjects Research Training and Education

Dignity Health Research Institute

Our Mission

At Dignity Health, we believe research is the cornerstone of every cure. We believe research provides opportunity – an opportunity to improve quality of life, an opportunity to improve health care for the next generation, an opportunity to find a cure. And we believe that connecting people and our patients with that opportunity is a basic tenet of humankindness.

We celebrate our clinical research communities, network with peers, and collaborate on shaping Dignity Health's research mission and vision across the enterprise.

Our Priorities

- Multi-Site Clinical Trials
- Local and Large-Scale Data Research
- Technology and Innovation Research Partnerships with Industry & Academia
- Medical Resident Initiated Research (Dignity Health Teaching Facilities)
- Medical Staff/Physician Investigator Initiated Research
- Nurse/Nursing Initiated Research
- Non-Medical Resident/Student Initiated Research

Contact us for more information or to get started with review and approval of your research protocol.

Dignity Health Nursing Research & Analytics

Our Mission

Support Dignity Health strategic initiatives through the development and fostering of a Culture of Inquiry within the nursing community

Our Vision

Dignity Health will become a nationally recognized source of providing evidence for nursing best practice.

Our Priorities

- Promoting data driven decision-making capabilities
- Enhancing and improving clinical knowledge
- Translation of evidence for improved patient care delivery processes and outcomes
- Supporting scientific research in all levels of medicine
