

## Our Office

Within the office setting, we offer near and distance acuity evaluations, an extensive array of optical aids, demonstration and training in the use of all vision enhancement products, counseling, electronic reading equipment (CCTVs) referral information, introduction to new and innovative talking products, the Low Vision Center bi-monthly newsletter and much more.

## Driving Directions

St. Mary Medical Center is located within the borders of Atlantic Avenue, 10th Street, Long Beach Blvd. and 11th Street. When entering with a vehicle, please use the 10th Street entrance. To access the grounds, please take a ticket to open the gate. Upon entering the grounds, make an immediate right turn, continue to the end of the street and make a left. We are the second building on the left hand side of the street.
