

STEPS TO RECOVERY

# Tai Chi Chih

**Meditative movement for  
physical exercise and mental focus**

Tai Chi Chih is a relaxing form of exercise that blends sequences of slow movements with deep breathing and mental focus. It requires no special equipment and can be practiced alone or in a group.

Tai Chi Chih is easy to learn and can be done by anyone at any age. The routine has specific gentle movement steps which can be adapted to accommodate most physical limitations. The benefits of engaging in exercise and relaxation techniques are well known; keep it fresh by trying something new!
