A Service of Dignity Health Medical Foundation

## Dedicated support for managing your illness.

### Supportive Care

A Service of Dignity Health Medical Foundation

# Introducing Supportive Care

At Mercy Medical Group, we strive to provide comprehensive support that helps you manage your condition and maintain your emotional well-being. Supportive Care is additional assistance that works alongside your medical team, to help you navigate your health care journey.

Our compassionate team, including a dedicated registered nurse, is here to guide you, answer questions, and make sure you understand your treatment plan. We strive to reduce stress by offering extra time to listen and collaborating with other healthcare providers to cover all your needs comprehensively.

## How We Can Help

Supportive care enhances your health care support system, promotes self-management, and assists with health care decisions. Our supportive care model can help you:

- Control your symptoms and your medical condition
- Find additional community resources
- Gain a better understanding of your health condition
- Explore treatment options
- Appoint an alternative healthcare decision maker
- Emphasize your personal priorities and needs
- Complete Advance Health Care Directives and related forms
- And more

At Mercy Medical Group Supportive Care, we collaborate closely with your health care providers, assessing your need to provide specialized help tailored to your diagnosis and situation. Our goal is to reduce your stress during challenging medical times, offering an experienced and compassionate team to support you in your health care journey.

**Let us help you, when you need it most.**

By referral only, please speak to your provider for more information.
