

Welcome to Dignity Health.

Our Virtual Welcome Experience helps new members get connected, informed, and ready for care — all from home.

What to expect with your Virtual Welcome Experience:

Connect to your care

We'll help you set up your patient portal, giving you access to test results, secure messaging, and more.

Share your health history

Review current health history and medications; assist with medication refills and specialty referrals as needed.

Plan your care

Need a doctor? We'll help schedule your first appointment and guide you through your options.

Find local resources

Learn about same-day care nearby and support available to keep you healthy.
