LATEST UPDATES IN MS RESEARCH

The world of MS research is constantly changing. Dr. Sabeen Lulu, Director of the Mercy MS Center, will be joining us to give a review of clinical research and updates in multiple sclerosis treatment. Dr. Lulu completed her Neurology residency program at Wayne State University in Michigan. Dr. Lulu then completed a fellowship in both pediatric and adult onset multiple sclerosis from the University of California, San Francisco (UCSF) as well as a Master's Degree in Clinical Research from UCSF.

Dr. Lulu joined the Neurology Department, Mercy Medical Group, Sacramento area in 2014. In addition to clinical practice, Dr. Lulu also serves as a principal investigator on multiple national and international clinical trials.
