

You have questions. Dignity Health has answers.

What is Dignity Health?

Dignity Health’s hospitals in the greater Sacramento area, affiliated physicians and outpatient care centers provide nationally recognized care and cutting-edge technology in key specialties such as cardiology, neuroscience, oncology and orthopedic care. Our affiliation with Mercy Medical Group, Hill Physicians Medical Group, Dignity Health Medical Group - Sierra Nevada, and Woodland Clinic ensures patients have more than a thousand physicians to choose from, all committed to excellence.

You may remember us as Mercy, serving the health needs of Sacramentans for more than 150 years. We’re still the same people you’ve come to know and trust over the years. Our name may have changed, but our commitment to excellent care has only strengthened.

What insurance plan do I need to access Dignity Health services?

We know the system can be confusing. If you get your health insurance through an employer, the annual “open enrollment” period is your opportunity to review and change your coverage. Just make sure you choose a plan that allows you to select a **Mercy Medical Group, Hill Physicians Medical Group, Dignity Health Medical Group - Sierra Nevada, or Woodland Clinic** doctor. From there, all you need to do is choose a primary care physician and designate your choice when you complete your open enrollment materials.

To find out more, we invite you to visit DignityHealth.org/Sacramento or call 888.800.7688. We’re happy to help.

Leadership in Comprehensive Care

Dignity Health and its affiliated physicians are dedicated to providing high-quality, compassionate, patient-centered care through our wide range of medical services throughout the greater Sacramento area, which include:

Cancer Care

- Dignity Health Cancer Institute of Greater Sacramento is recognized by the American College of Surgeons' Commission on Cancer as an Integrated Cancer Network, recognizing our comprehensive, coordinated efforts to provide patients the best cancer care possible
- Our outpatient cancer center provides comprehensive care coordinated by nurse navigators who personally see patients every step of the way through diagnosis and treatment
- Mercy San Juan Medical Center is the first and only Bonnie J. Addario Lung Cancer Foundation Community Hospital Center of Excellence in the Sacramento region

Cardiovascular

- The Dignity Health Heart and Vascular Institute of Greater Sacramento has three accredited Chest Pain Centers throughout the region
- We have one of the largest, most experienced teams in the nation leading the way with the most advanced and minimally invasive treatment options available
- Our hospitals consistently achieve the highest rankings—a clear demonstration of the network's excellence in cardiac surgery, cardiac intervention, heart failure, heart attack and critical care

Neurological Care

- The Dignity Health Neurological Institute of Northern California is the regional leader in stroke care, treating the highest volume of neurovascular patients in Greater Sacramento, and possessing the first and only community-based Comprehensive Stroke Center in the region, Mercy San Juan Medical Center. All other Dignity Health hospitals are certified Primary Stroke Centers
- Our multi-disciplinary team provides the experience and expertise necessary to diagnose the most complex cases affecting the brain, including specialized care for stroke, epilepsy, multiple sclerosis, brain tumors, headache, spine, brain trauma and other brain disorders

Orthopedics

- Known for exceptional outcomes, we deliver leading-edge capabilities unique to our service area for injury and disease affecting the bones, joints, ligaments, tendons and nerves
- From diagnosis to treatment and rehabilitation, we work to restore strength, flexibility and function

Women's Health

- We are committed to comprehensive care at all stages of life—not just gynecology and maternity care, but also aspects of cardiology and oncology unique to women
- Our wide range of inpatient and outpatient services provides ready access to the most advanced medical treatments available

Family Birth Centers

- Expecting moms and their babies are cared for by skilled physicians supported by experienced maternity nurses and staff, all dedicated to the emotional and physical well-being of the mother and child before, during and after delivery
- In the event of a premature birth or baby who needs extra care, infants are cared for in one of our acclaimed neonatal intensive care units at either Mercy San Juan Medical Center or Methodist Hospital of Sacramento, with specially-trained physicians and nurses to care for every need of the tiniest of newborns
